THREE CENTS

(Delivered, Week 15c)

GEN. EDWIN F. GLENN HERE THURSDAY

GLASS WILL ACCEPT PLACE IN U. S. SENATE

FOUR IN LINE FOR CABINET POST VACANCY; HAMLIN LEADS

Secretary of Treasury Will Succeed Late Senator Martin.

PRESIDENT'S MIND OPEN

Baruch, Leffingwell and Warburg Mentioned for Appointment.

WASHINGTON, Nov. 17.—At the request of President Wilson, Secretary of the Treasury Glass will accept the appointment of Gov. Davis of Virginia, making his senator to succeed the late Senator Thomas Staples Martin. This announcement was made at the white house today.

It was announced at the white house that Secretary Glass has asked President Wilson what his desires were to accept the appointment. In the senate the president will be aided by the support of Glass and there was every reason to believe today that the appointment would be accepted by the secretary. It was stated that the secretary probably would not leave his duties to go to the senate for a week or more yet.

The president's mind is open on a successor to Glass, it was stated at the white house. Among those who are most prominently mentioned for the position are Bernard Baruch, Assistant Secretary of the Treasury R. G. Leffingwell, Charles S. Hamlin, of the federal reserve board, and Paul Warburg, former member of the federal reserve board.

Baruch, it is understood, has informed the white house that because of his connection in Wall Street, he would not be willing to accept the post.

Leffingwell is considered a likely candidate because he comes from Massachusetts, and the administration needs support from that state at this time.

Warburg is favored, but there is doubt that he could be confirmed by the senate.

TIGHE, HILTON SPEAK AT MEET

Issues of Steel Strike Discussed at Rally Here Sunday.

Issues involved in the present steel strike were discussed by M. F. Tighe of Pittsburgh, Pa., president of the Amalgamated Association of Iron, Steel and Tin Plate Workers, and Walter Hilton of Wheeling, editor of the Wheeling Majority, at a labor meeting held Sunday afternoon in the Strand theater under joint auspices of the East Liverpool and Wellsville Trades and Labor Councils.

Will T. Blake, editor of the Pottery Herald, acted as chairman of the meeting. The meeting opened at 2:30 o'clock with the singing of "America" by the audience. Rendition of "The Holy City" by Reese Harris of Chester was a pleasing feature of the affair.

Mr. Tighe, head of the steel workers' union, devoted his address largely to the different phases of the steel strike. He served as a member of organized labor's committee at the industrial conference in Washington a short time ago.

Mr. Hilton, editor of the steel trade publication, delivered an address on organized labor in general.

JAILED WOMAN ADMITS MURDER AS CASE OPENS

Mystery in Death of Mrs. Clara Branch, of Mineola, L. I., Solved.

CONFESSION OF PRISONER

Lodger Says She Hacked Woman to Death with Hatchet.

MINEOLA, L. I., Nov. 17.—The brutal murder of Mrs. Clara Branch, who was hacked to death with a hatchet in her home near Valley Stream, Long Island, was cleared up this afternoon when Miss Maria Warren confessed that she did it, according to an announcement by District Attorney Chas. R. Weeks, Nassau county.

The confession was made just as the officials were preparing to hold the inquest.

Miss Warren had been a lodger in the home of the murdered woman. She also was known in the vicinity as Miss Berlin. She claimed that she formerly lived in Indianapolis, Ind., and was the divorced wife of a vaudeville actor.

Mrs. Branch lived on a lonely road just outside of Valley Stream, where she acted as housekeeper for Captain Henry A. Wright, a boatman. Shortly after she was found in a pool of blood in her bedroom with her head battered and hacked with a hatchet, both Captain Wright and Miss Warren were taken in custody and held as material witnesses.

DIVORCED WIFE OF DONALD SHIELDS ANDREWS WHO TOOK POISON AFTER THIRD HONEYMOON

Mrs. Alma V. Steane.

What was the motive which impelled Mrs. Anna Vetsera Steane, the beautiful young American wife of a British army captain, to commit suicide?

London society is asking. Had there been a quarrel? Did she believe that her third marriage was to end in divorce as had the others? Had she tired of striving to maintain herself in a high social position, and did she choose to end her career at its climax rather than sink into obscurity after her newest social triumph in London?

Not since the tragic death of beautiful and socially prominent "Billie" Carlton on the night of the first Victory ball about a year ago have London social circles been so stirred. The

verdict of the coroner's jury was death by poison, self administered. It was on the night of the second Victory ball, Armistice day, that Mrs. Steane committed suicide.

Mrs. Steane's first husband was George Osborn Hayne. Later, she eloped with Donald Shields Andrews, formerly of East Liverpool, son of a millionaire family of Cleveland, and a Yale student. This match was broken off by the bridegroom's family. Then the divorced wife came to England to take up work for the Red Cross and made an enviable record during the war.

It was only a short time ago that had lately returned to London from a wedding trip to Chile.

URGES TWO-DAY SCHOOL LOAF

Supt. Geiger Will Recommend Two Days' Vacation at Thanksgiving.

If the recommendation of Superintendent of Schools F. P. Geiger is approved by the board of education, the East Liverpool public schools will close Wednesday afternoon, Nov. 26, for the remainder of the week in observance of Thanksgiving day.

"Friday, Nov. 28, is not a legal holiday according to the state law and the rules and regulations of the board of education," Supt. Geiger declared Monday, "but I will recommend that the schools be dismissed on that day with the understanding that the day be made up at a later date."

The additional holiday is suggested, Supt. Geiger explained, to accommodate especially the out-of-town teachers who wish to go home over Thanksgiving and who will not find it convenient to return for work Friday.

WHITE HOUSE CLAIMS LODGE MEASURE WILL NULLIFY PACT

Wilson Advises Hitchcock of Next Move If Resolution Passes.

ADMINISTRATION LINES UP

Democrats Plan to Offer Ratification Resolution in Senate.

WASHINGTON, Nov. 17.—President Wilson will "pocket the treaty" if the Lodge resolution of ratification is passed by the senate.

The president made this statement to Senator Hitchcock today in a conference.

The announcement was made by Senator Hitchcock on leaving the white house.

"I found the president very much improved and more aggressive," said Senator Hitchcock. "He informed me that he had read and considered the Lodge resolution of ratification and that he considered it a nullification of the treaty."

WILSON IS FULL OF FIGHT, SAYS TUMULTY

WASHINGTON, Nov. 17.—"The president is full of fight," Secretary Tumulty made this statement after a brief conference with the president this afternoon with regard to the treaty situation.

The president spent some time this afternoon sunning himself on the south portico of the white house.

"Did the president say he would pocket the treaty if the Lodge resolution of ratification was passed?" he was asked.

"He told me he would," replied Senator Hitchcock.

Senator Hitchcock declared that the administration forces would offer a resolution of ratification if the Lodge resolution was defeated.

"We will do that on the assumption that the vice president will rule that it does not have to go to the foreign relations committee," Senator Hitchcock continued. "If that ruling should be overthrown, I believe the treaty would be dead."

The one hundred or more ex-service men of the lodge will be seated at a table in the center of the hall, while the lodge brothers will sit at encircling tables.

A motion picture film entitled "America's Answer," depicting the progress of the American world war veteran from the time he entered the training camp until his honorable discharge will be exhibited as a part of the evening's program. NON-SOCIALIST GROUPES LEAD

Nationalists and Republicans Winners In French Election.

PARIS, Nov. 17.—Incomplete returns in the national parliamentary election indicated today that the Nationalists and Republicans, two non-Socialist groups, had won a majority of seats.

Political adherents of Premier Clemenceau were reported to be leading in Alsace, the province that was delivered back to France by the war.

It was regarded as certain that former Premier Briand, former War Minister Millerand and M. Mandel, secretary to Premier Clemenceau were all elected. M. Louget and M. Renaut were said to have been defeated.

The vote throughout France was unusually heavy despite bad weather. No disorders were reported.

ROME, Nov. 17.—In view of the critical political situation unusual apathy was shown in the national parliamentary election Sunday. The Clerical vote was unusually large. The result probably will not be known until tomorrow.

NO MOVE TO RE-OPEN MINES

No Legal Action to Force Miners to Return to Work.

WASHINGTON, Nov. 17.—The department of justice will take no steps against miners who are not returning to work pending negotiations for a new wage scale, it was officially announced today. Should the negotiations extend beyond a reasonable time and the miners still refuse to work, the department will then proceed to enforce the injunction orders, it was stated.

The operators today delayed they were not ready to continue the negotiations and the morning session was postponed. The operators then went into private session and it was understood they were to attempt to draft a counterproposal to make to the miners.

Before going into session, Thomas T. Brewster, chairman of the Operators' wage scale committee, said: "We are going to try and devise ways and means to reach an agreement that will protect the operators, protect the public and protect the miners."

ASKS MOVE IN MINE DISPUTE

COLUMBUS, Nov. 17.—George H. Phelps, Findlay lawyer, today asked the state supreme court to direct Attorney General Price to bring mandamus proceedings against Ohio mine operators to compel them to operate their mines which have been closed since Nov. 1, by reason of the miners' strike.

Phelps points out in a petition to the court that coal operators are violating their charters by failure to produce coal and that the attorney general should ask the courts to appoint receivers for the mining companies and operate them.

The petition was not filed because it was not accompanied by the proper fee. It will be submitted to the court later. Attorney General Price did not consider the move a practical one, it is said.

Secretary Glass refused to make a flat statement that he had accepted the appointment, but intimated that he would.

Will the Influenza Return?

Public Health Authorities Predict Its Recurrence

Guard Against It by Building Up the Blood

Pepto-Mangan Creates Rich Red Blood and Increases Strength

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that weak, bloodless, rundown individuals are more likely to contract this (as well as any other infectious disease) than is the strong robust, red-blooded man or woman. In view of these facts it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Withoute "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

2,000 ANSWER CALL OF MERCY

Over 2,000 residents of Wellsville pledged themselves to further the cause of the Red Cross mercy workers by contributing to the local chapter, it was announced by Mrs. F. S. Wade, chairman of the third drive, Monday.

The approximately correct number of subscribers will be 2,100. This is in slight excess of the number expected by campaign workers several days before the conclusion of the campaign.

The cash deposits from workers at the American Sheet and Tin Plate plant are not yet in, but the workers have subscribed over 200.

The Cleveland and Pittsburgh Railroad shops reported a subscription of \$476; the American Sheet and Tin Plate plant, 234; McLain Fire Brick company, 41.

Mrs. S. M. Brown, in charge of the Junior Red Cross drive, announced Monday that 555 students of the West End, East End and Central buildings, had subscribed. This number is included in the total, 2,100.

Mrs. Wade announces, that although the drive was not as successful as those of previous years, the results were gratifying in comparison with other cities and towns in the valley, as the local chapter re-subscribed approximately two-thirds of its former members.

WORKERS SIGN PETITION FOR OVERHEAD BRIDGE

Claiming that an overhead bridge across Main street, landing in Fifteenth street, furnishing a thoroughfare to the interior of the Cleveland and Pittsburgh railroad here, is essential to the safety of railroad employees, workers at the shops are freely signing petitions to be presented to council Tuesday night, requesting the solons to reconsider the passing of the overhead bridge ordinance.

The ordinance, granting the Pennsylvania Railroad company permission to construct the bridge at Fifteenth street, was passed by council at its last meeting and was vetoed a few days later by Mayor George B. Imbrie, who asked that an investigation be made into the feasibility of building a subway at that point instead of an overhead bridge.

Residents of Fifteenth street and Main street in that vicinity claim that the erection of the bridge will decrease property values there.

PEACE-TIME WASTE.

There have been many charges, since the war ended, that military supplies and equipment left on the government's hands were being allowed to rust, rot or otherwise deteriorate, entailing enormous loss to the nation that paid for those goods. Now a similar story comes from France, supposedly the most thrifty of nations.

Large stocks of supplies were turned over to France by the American army when it departed. France acquired the stuff on very liberal terms, with the understanding that it was sorely needed by the French population, and would be distributed in such a way as to allay suffering and help meet the bitter war losses. To a great extent, some of the French newspapers declare, these stocks have been neglected and wasted, stolen or allowed to decay. Says one paper, regarding an important accumulation of goods at Montoire, near St. Lazaire:

"On 120 docks covering 3,000 square metres there is a mass of merchandise left by the American Army which had been unloaded from 900 freight cars. Lying there in danger of rotting are 98,000 sacks of grain and 150 tons of chocolate. Three employees administer liquidation and there are sentinels, but there is no proper management, no record of the goods. Pillaging goes on steadily. To stop the looting, people told an investigator it would be necessary to arrest the whole town. There is no system of liquidation, no responsibility, though the merchandise is worth millions. Everything is sold by weight, which is ridiculous when selling canned stuff, liquids and the like. Nevertheless all is sold by weight, and as the depot lacks proper equipment for weighing, the administrators guess at weight."

All of the belligerent nations during the war practiced an efficiency and economy in the handling of useful commodities that aroused the world's admiration. Why can that efficiency and economy not continue now that the war is over? The need is almost as great.

Is there no such thing as practicing war virtues—or mere common sense, for that matter—in time of peace?

CORSETS AND PRUSSIANISM.

Ordinarily Americans might not be particularly interested in the grade of clothing purchased by the daughter of the president of the new German republic. But a story is told of Fraulein Ebert, whose father formerly worked for a small salary, by an American business man who happened to overhear the conversation. Miss Ebert's manner was haughty, says the man, when she applied to the saleswoman for a corset, and still more so when she was told that the best available was priced at only 300 marks, or about \$77. She walked away scornfully because the article was not good enough.

The little episode is not peculiarly German, perhaps. It is characteristic of people all over the world whose heads have been turned by a little sudden rise of fortune. But the fact that the daughter of the foremost citizen of Germany has acquired this new-rich point of view throws an interesting sidelight on German conditions.

Jeffersonian simplicity, it would seem, is no part of the German national mind in relation to its supposedly democratic government. The president's daughter thinks of herself as a ruler's daughter, a kaiser's daughter, to whom hauteur should naturally belong. Pride of place was distinctly in the picture of German royalty. The idea that as the daughter of a democratic president the saleswoman was her equal, and to be addressed in terms of good breeding, or that as the daughter of a man in a conspicuous position in a country trying to recover from the poverty of a lost war, simplicity of attire was her duty, has not entered her mind.

Germans, apparently, are still Germans. Almost every one of them seems to have within himself the germ of kaiserism. It is just as well for Americans, with their easy-going way of forgetting past wrongs because life is too full and interesting to bother with nursing them, to remember that fact.

THE USES OF MUSIC.

The National Council of Women has adopted a resolution in regard to music, whose nine articles give much food for thought. It is this:

Music is a necessity, not a luxury. Every child has an inherent right to a musical education. Unity through music is a means of civic improvement. Patriotism is developed by music. The spirit of comradeship, regardless of race or creed, is induced by music.

Music is the most useful medium in constructive work, in a community. The saloon and dance hall are being rapidly abolished. There must be established in their stead places of clean amusement.

Music tends to encourage a higher form of citizenship. Music is a powerful curative for mental, moral and physical ailments.

Every city of 25,000 or more should build a memorial community house, as the fountain head for branches of music and social activity for the entertainment of the people of that locality.

There is no doubt that music speaks a universal language whose vibrations appeal alike to people of various tongues and classes. As a unifying and purifying influence it has hardly an equal in the long list of community pursuits.

The ease with which good music records may now be procured, the best being available for all homes, adds much to the chances of the child of the present for securing a music education which will be worth while.

Something must be done about educating the public taste. This is not done by forbidding the bad, but simply by placing side by side with it the good. The cheap and vulgar has its little day and fades into oblivion. The good lives on and continues to be appreciated.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Nov. 17.—The Manhattan Night Tolders number in the thousands. You may see them going to work about 6 in the evening and at 11 at night. They are easily spotted. There is an indefinable something about them that explains to the world that they are sun dodgers.

The cafeterias and quick lunch rooms are crowded with them at midnight. Some day a statistician would who has made enough in the dried fruit business and can devote his dotage to chasing trick figures will have gathered for him the number of men who work while the nine-to-fivers sit up with a toothache or sleep.

He will be shown also that 64 per cent of the night-time employees and bosses wear worried looks, like men who are constantly and ineffectually trying to convince wives that they ought to be allowed to continue to work while the date changes.

Getting out a newspaper requires reporters who begin deserting Park Row at about 11 or 12 o'clock at night, while inside the offices the copy readers mull over their yarns. A copy reader is a man who cuts all the good stuff out of a reporter's story. He also writes headlines.

These copy readers go home about 2 a. m.—at least a few of them do and the rest are supposed to. One or two in each office remain until 4 p. m. in case something or somebody of importance should be blown up. The compositors and printers stay until 4 o'clock.

The night forces in the large hotels like the Pennsylvania, Majestic, Commodore and McAlpin form a great army of night toilers. The all night restaurants and drug stores and sub-way workers another large army. One of the strange things about night work is its impetus toward longevity. In the recent flu epidemic a doctor discovered that the night workers were practically untouched and those who were recovered quickly.

At last the New York Morning Sun has broken a hard and fast rule and permitted a cartoon to enter its sacred pages. Frank A. Munsey has for years been a cartoon atheist. He permitted them in the Evening Sun for awhile and then suddenly put up the barrier. Now the Morning Sun has a daily cartoon. H. T. Webster is the cartoonist who has the honor of breaking the Sun's rule against cartoonists.

There are all kinds of ways to have an apartment on Fifth Avenue. Some go down in Wall street and make a few quick turns and land on the avenue and others do not arrive by such quick strides. But the "window sellers" seem to have the bulge on all. Many women and some men have made the entire rent for a year merely by selling window space to the populace who wish to see the New York parades—all of which go up Fifth Avenue. "Window space" sometimes sells as high as \$10 per person.

A well known Hoosier novelist was talking the other day about the tendency of children in this generation to think garbage as something extremely ludicrous. He quoted a remark his son had made about garbage to illustrate the point.

There are no alleys in New York and the novelist was pained to find the garbage can set out in front of the stone bungalows and brown fronts to be snatched away mysteriously.

"Back on the old Indiana farm," he said over an after dinner cigar, "I did not think garbage funny, for after I had chopped wood, carried in water and carried a few horses it was my duty to carry the kitchen slop to the pigs. This is why I grew up to be a great strong man—and a power for evil in the nation."

And then with a tear struggling for expression he sighed: "Slop and the world slops with you; weep and they turn and go; for the carrots we wasted yesterday, To the deep pure ocean go."

"I have a puppus," said Hiram Pearce—"a puppus in going to the circus."

"What purpose?" challenged his equally homespun wife, although she had dropped the backwoods vernacular long ago. "A circus? And you a denon of the church! Oh, Hiram! have you forgotten that all our woes and misery date from the day our little Leslie went to a circus?"

Thereupon Mary broke down utterly, her face fell into her hands and she sobbed and wept as though her heart would break. Hiram winced. Then he stole over to her side and placed a loving, gentle hand upon the silvered head.

"I haven't forgot, poor old dear!" he said tenderly. "It's because of Leslie that I'm goin'. There isn't an hour since my temper and cruelty drove him away from us that I haven't reproached myself. There hasn't been a month in all the weary, waiting five years that I haven't tried to find out what became of him."

Yes, Hiram Pearce remembered well the day when Leslie, a lad of fifteen, had run away from school and had gone to the interdicted tented show. It was the truancy and disobedience, more than the fact that he had visited the sawdust arena that stirred up his father, who had used the whipping strap as he never used it before and as he resolved later he would never use it again. That night Lester Pearce disappeared and his stubborn father had delivered the stolid dictum:

"Let him go—I shan't hunt for him, or stop him! As he makes his bed, so must he lie. When he is tired of hussies he'll come back, like the prodigal, the wiser, and I hope, the better for his little journey in the world."

But as the weeks went on, and then the months, and the years, there was an aching void in the heart of the grim old farmer, and the fast-wrinkling face and bent form of Mary told him of her secret sufferings.

"Mary," he said, "look up and keep calm. I have something to tell you. Only today through a correspondent I have received an intimation that Leslie has been with Morton's Big Show, and Morton's Big Show exhibits on the town common here tomorrow."

"Oh, Hiram! all a-tremble, and clinging to his arm, white and flurried. "Oh, yes, yes—I can hardly wait. You must go to the circus, indeed, and I must go with you!"

All the next morning Hiram Pearce hung around the various groups of workmen erecting the tents and getting ready for the arrival of the performing troupe due about noon. Half a dozen times Hiram inquired about "a young fellow named Pearce," but those interrogated shook their heads negatively, and his spirits sank as the hours wore on. Then he was lost, confused amid the bustle and the crowds. Mary's face was twitching, her eyes anxiously roaming all over the great tent as they sat beneath the white, glaring canvas. If Leslie was with the show of course he must be an actor. She shuddered as the tumblers trapezists and bareback riders came into the ring and their daring feats showed the risks of their calling. But no Leslie appeared, and Mrs. Pearce drew down her veil to conceal her tears as they left the show. Hiram could not leave the scene. He went around among the wagons and small tents, and, coming across a man whose bristliness indicated that he had something to do with the show, told him of his quest.

"Pearce?" repeated the latter; "we have no one with us of that name."

"He is my dear lost Leslie!" sobbed Mrs. Pearce.

"You couldn't mean one Leslie Warburton?" spoke the man quickly. "You see, circus folks use fancy names. About twenty, light hair, slightly curly, always joking and smiling?"

"Yes! Yes!" cried Mrs. Pearce. "That's our boy! Oh, Hiram! have we found him at last?"

"You come with me," spoke the informant, and he led the way to a huge wagon, so large that it had doors and windows like a house, and resembled one as to its interior. It was filled with cots and invalid chairs, and half a dozen men, women and children occupied these.

A pretty, dainty girl was fanning a fevered child in this circus hospital. A young man, who limped as he walked about, sunnily conversed with this and that recumbent patient. Toward him Mary ran with the fervent words:

"Oh, Leslie! Leslie! don't you know me?"

When the circus left town that night it departed without Leslie Pearce and his wife, Eloise, daughter of the ring master. Once more the truant boy was back under the home roof, with a wonderful story to relate of a crippling fall from a trapeze, of becoming the "doctor," who took charge of those injured like himself, and the sick children of performers. And he would have gone home unsolicited that same day had not father and mother come after him, for he had saved enough to pay off the mortgage on the old home, with a surplus left to add two wings to the house.

left today for Mt. Clemens, Mich. J. G. Strauss, ticket agent at the C. & P. depot, is ill at his home in Lisbon street.

Fred Boring was a Wheeling visitor last evening.

Mrs. Orvis Yinkling is visiting her parents, Mr. and Mrs. Will L. Smith, West Sixth street.

RUSSIAN ORCHESTRA PLEASES AUDIENCE

East Liverpool's second big musical treat in less than a month occurred Saturday night, when the Russian Symphony Orchestra under the conductorship of Modest Altschuler, appeared at the Ceramic theatre.

The first number and the biggest one on the program, the Symphony in G Minor by Kalinnikoff, is typical of the Russian style of composition, a style abounding in harsh dissonances, a peculiar sounds reflecting the spirit of this oppressed race.

The overture to the opera "Raymond" was a popular number.

The last group of orchestra numbers Two Caucasian Sketches by Ippolitoff-Ivanoff, made an instant appeal with the audience.

Miss Helen Thomas, dramatic soprano of this city as principal soloist of the evening, made her first appearance in her home city since her phenomenal successes in New York. Miss Thomas had chosen to sing the "Bird Song" Aria from the opera "Il Pagliaccio" with full orchestral accompaniment. This is a beautiful as well as a difficult soprano aria. However, Miss Thomas sang it with ease. Always a thorough musician, she now manifests a highly artistic temperament, and a keen sense of phrasing. Her enunciation was beyond criticism and her pitch was true at all times. A 20e was accorded an enthusiastic ovation.

Sascha Fiedelman, a violinist of high attainments, proved very popular with the audience.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroclor and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Swallow the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

REPAIR NEWEL- CHESTER ROAD

In order to permit travel between Newell and Chester, without the necessity of crossing two bridges, the unimproved portion of the roadway between the two towns on this side of the river is being repaired in preparation for the coming winter.

The road between Newell and Chester has been graded and concreted with the exception of a short stretch, about 200 yards in length, just east of the Newell bridge. The local manufacturers last week were engaged in covering this short stretch of roadway with sagger short, cokes and other material, which will not soften with the rains and snows, which fall during the winter and spring months.

Quite a little sum is being expended in repaving the road by the manufacturers. With this short stretch in a passable condition, the outlet to Chester from Newell can be traveled the year around.

It is probable that Hancock county will take steps next summer to complete the improvement of this roadway of constructing the needed piece of concrete surfacing.

NEWELL ENROLLS 560 IN RED CROSS DRIVE

With approximately 560 members enrolled, Newell has "gone over the top" in the third annual Red Cross membership drive. It is believed that this number will easily be increased to 600 before the final tribulation is made.

Saturday was the closing day of the campaign in Hancock county, although quite a few have promised to pay their membership fee this week. A very liberal response was accorded the campaigners in their work here, the potters joining almost to a man.

While official reports are not available as yet, it is believed that over 300 school children in Newell have joined the Junior Red Cross. Supt. Osborne has announced that the schools will be 100 per cent in the movement. Not only are the schools in Newell organizing the Junior societies, but the rural schools as well as joining in the movement.

I. O. O. F. LODGE MAY ORGANIZE MALE CHORUS

Clarke lodge No. 447, I. O. O. F., may organize a male chorus this winter, it was announced Monday by a prominent member of the lodge.

The order last year had a chorus, which rendered a number of recitals, not only in Newell but in East Liverpool, Chester, Wellsville and other places. The organization consisted of 25 male voices. Mrs. George Leal was pianist for the chorus.

Steps will probably be taken in the near future looking toward the re-organization of this chorus, as already a number of requests have been made for return recitals this winter.

Attended Revival Services.

A large delegation from Clark lodge No. 447, I. O. O. F., attended the revival service at the Newell Church of Christ Sunday evening. The lodge-men, numbering almost 50, gathered at their hall, corner Fifth and Washington streets, and at 7:30 o'clock marched to the church in a body. A special reservation was made for the delegation at the church.

Sunday night's service was in charge of Rev. J. J. Cole of Wellsville, who delivered an eloquent address. There was special music by the choir led by George Eeshuth.

SHIP VAST QUANTITIES OF NUTS FROM STATE

Vast quantities of nuts have been shipped from West Virginia this fall. Jackson county is the banner nut marketing county in the state, and from that county 300,000 pounds of black walnuts were marketed at three cents a pound, and 12,000 pounds of hickory nuts at five cents a pound. Farmers hauled the nuts to the shipping stations, the load being worth from \$45 to \$60. One farmer solved the problem of shelling walnuts. He set his corn sheller to work and shoveled the walnuts into it, with the result that the operation was greatly simplified.

WOODLAND SINGERS TO GIVE CONCERT TUESDAY

A large crowd promises to be in attendance at the second number of the Lyceum attraction, being staged here under the auspices of the Newell lodge of Odd Fellows, Tuesday evening, when the Woodland Singers, a troupe of four men, will be seen at the First Presbyterian church.

The company is composed of Frank Thomas, first tenor; James W. Hoffman, second tenor; Cavan Jones, bass, and Milo A. Sweet, basso and clarinetist. Their program is out of the ordinary in that it is given in the form of a connected story. Their numbers include such favorites as "Hunting Morn," "Mother o' Mine," "Until the Dawn," "Gypsy Love Song," "The Mulligan Musketeers" and "Under the Stars and Stripes." In addition the quartet presents the opening chorus from Reginald DeKoven's light opera, "Robin Hood."

Students Take Up Boxing.

Norman, Okla.—Boxing as a sport is popular with University of Oklahoma students this year, according to Dewey Luster, instructor. Wrestling classes are a close second. A series of students' bouts will be arranged.

18-CENT STEAK SOLD BY STRIKING BUTCHERS

CHICAGO.—To back their charges that some of their employers were profiteering, striking butchers have opened a large retail shop and are selling porterhouse steak at 18 cents a pound, veal chops at 16 cents and hamburger steak at 10 cents. Other meats are correspondingly lower.

The union butchers said although their prices are from 30 to 75 per cent below those charged by a majority of retail dealers, the strikers were making a fair profit.

Canton—Stark county commissioners will join with the Northern Ohio Traction company next year in repaving the Lincoln highway between Canton and Massillon. The rails will be in the middle of the highway, and there will be a curb on both sides of the track to prevent vehicles crossing the rails except at regular cross-overs.

Dangerous to Use Treatment for Only Temporary Relief.

There is a more serious stage of Catarrh than the annoyance caused by the stopped-up air passages, and other distasteful features. The real danger comes from the tendency of the disease to continue its course downward until the lungs become affected, and then dreaded consumption is on your

WEHNER STORE ROBBED SUNDAY

On charges of burglary in connection with the robbery of the Wehner grocery and butcher shop in California avenue at an early hour Sunday morning, three Chester lads were arrested before Mayor W. B. Dalrymple Sunday afternoon. The lads are the names of George Sabula, 13, and Mike Sabula, 11, both of Middle Run and Wayne Sprouse, 16 who resides a short distance back of Chester.

The trio pleaded guilty after making good to the full amount the loot which had been carried away from the store and paying the damage to the building in affecting an entrance they were dismissed upon their promise to conduct themselves properly in the future.

The younger Sabula boy and Sprouse had gained admittance to the store by breaking a window in front of the store, it is claimed, while the older Sabula stood guard on the outside of the building the other two proceeded to ransack the establishment. Merchandise to the amount of about \$50 was passed through the window to the guard on the outside. Just as the two working in the store were about to leave and aid in carrying away the booty, the attention of a passer-by was attracted. The guard immediately fled, taking with him a quantity of the merchandise.

The two boys in the store were unable to make their escape and were held until the arrival of Chief of Police John Dilby, who arrested them, taking them to jail. Upon their confession, the brother of the Sabula boy was implicated and he was taken into custody later in the morning at his home in Middle Run.

Sarah Adams was granted a divorce from Raymond Adams of Newell. Other divorces include Harry K. Graham from Clara Graham; Hattie O. McKinnon from George McKinnon and A. G. Phillips from Isabella Phillips.

Dalrymple Sunday to issue a strict warning that the city curfew ordinance, which requires that all boys and girls under the age of 14 years, be off the streets after 8 p. m., will be rigidly enforced by the police. Older boys will not be permitted to congregate on the streets any more, the mayor has also announced.

"Parents are responsible for their children until they reach the age of 21," Mayor Dalrymple announced Sunday, "and they too might be compelled to offer an explanation if their children are apprehended on the streets at that hour when they should be at home in bed."

"OVER TOP" IN MERCY DRIVE

Scattering reports from various parts of the county received by County Chairman W. E. Allen at New Cumberland Monday morning indicate that Hancock county more than filled her quota in the third annual Red Cross membership drive which came to a close Saturday evening.

Chester enrolled more than 500 members in the campaign here, while Newell secured approximately 600. These figures, however, do not include the Junior Red Cross societies which have been formed among the school children. Practically every school in the district has completed its organization of Junior societies.

Approximately \$2,500 was collected from the workmen at the plant of the Weirton Steel company Saturday. However, complete reports from Weirton have not been secured by Rev. Mr. Allen, head of the campaign in Hancock county.

Fifty-three new members were enrolled by the committee of young ladies in charge of the booth at the First National bank Saturday, Chairman Frank S. Huff Jr. stated Monday morning. This brings the grand total for Chester over the 500 mark.

WILL WITHDRAW TROOPS FROM STRIKE DUTY

Federal troops doing strike duty in the coal mining fields of southern West Virginia will be withdrawn from the state early Tuesday, it is learned from an authentic source Monday.

Governor Cornwell announced last week that the troops would be out of the state by Monday, but it is understood that their removal had been delayed by the lack of railroad equipment. At the governor's office it was stated that the delay was not due to any new developments in the strike situation.

No information regarding the withdrawal of the troops could be obtained at the military headquarters here, but it was learned that the motor transport corps had been busy all day bringing equipment into the city from the outlying camps. Soldiers on duty at Beckley, Clendenen and in the Coal River district were reported to be preparing for withdrawal to Charleston Monday night.

OUTLINE PLANS FOR XMAS SEAL DRIVE

Members of the Chester Women's club, at a meeting being held Monday afternoon, will further consider plans with regard to the sale of the Red Cross Christmas seals, in the campaign here which also is to be conducted through the nation during the coming holiday season. Monday's meeting is being held at the home of Mrs. Will L. Smith Jr. of Carolina avenue.

Mrs. F. M. McMahon of Wheeling, who is connected with the West Virginia state committee, visited Chester last week and was in conference with members of the club with regards to the campaign to be conducted in this city.

The campaign for the sale of stamps in Chester will be made independently of the work in Hancock county. It has been announced. No quotas have been fixed as yet. The funds secured from the sale of stamps in the state this year will be used in the campaign to fight the spread of tuberculosis in West Virginia. The adhesives will likely be placed on sale during the first week of December.

An interesting program is being carried out in connection with the meeting of the club Monday.

Continue Half-Day Sessions.

Because of the crowded condition of the primary grades in the Chester schools, half day sessions are being held for the pupils enrolled in the first grade. Those who attended school during the morning session last week will attend in the afternoon this week, while those who made up the afternoon class in the week just passed will be in the class which meets in the morning this week.

This announcement was made Monday by Superintendent of Schools E. E. Oldaker.

WANTED-MORE CANDIDATES TO REPORT AT Y

Coach Bill Watkins, of the "Y" basketball team wants more men out for practice. Practically all the "old guard" has been working out regularly with Watkins on the "Y" gym for the past several weeks but the new material is what is wanted. A communication from the manager:

"The East Liverpool 'Y' expects to have the best team that has ever represented the city, this year, with the possible exception of the old East Liverpool champions, Kinkaide, Fogarty, Deal, Pinaro Keenan and 'Big Bill' Powell.

"We expect to play all the best independent and college teams in Ohio, Pennsylvania, and West Virginia, including the Coffey Club, Dinwiddies, Buhl Club Westinghouse Pitt University, Washington and Jefferson, West Virginia and Marietta colleges.

"We have had a couple of practices but they have not been what they might have, because there seemed to be a lack of 'pep' and not enough men turned out.

"Starting Saturday, November 15, we expect to have at least 20 or 25 men out. The material is plentiful and the 'Y' is back of you. Every week up until Dec. 1, which is the opening night, we will hold practice on Mondays, Thursdays and Friday nights beginning at 8 o'clock. Come on get out, and the ones who show the most will get the jobs. Everyone stands an equal chance. We expect every candidate in the city who desires to try for the team to attend every session from now on."

NO TRUTH IN REPORTED SLUMP IN DIAMOND VALUE

LONDON—There's no truth in the New York report that the popularity of pearls is causing a "dumping" of diamonds on the American market, and that a slump in the value of diamonds will follow.

London dealers contradict the New York report, explaining that America has always taken 75 per cent of the world's output of diamonds, something like a billion dollars worth each year.

The demand for diamonds in foreign markets is said to be as keen as ever and merchants predict a continuous rise in price instead of a decrease.

SMALL PAPERS ARE URGED BY ALL PUBLISHERS

National Association Votes for Reduction to Avert News-print Famine.

SENTIMENT IS UNANIMOUS

Increase of Advertising and Subscription Rates Also Included In Resolutions.

Smaller newspapers, increased advertising and subscription rates, substitution of adjustable monthly or quarterly advertising rates for yearly contracts, no hoarding of print paper—these are among the recommendations made by the American Newspaper Publishers Association in a special meeting at the Waldorf-Astoria Hotel. All newspapers are also asked to conform to the regulations laid down by the War Industries Board last year, although that board is no longer functioning.

Serious shortage of newsprint paper which is being used up considerably faster than it is being manufactured or can be manufactured under present conditions, occasioned this gathering of the publishers. Although the call went out only a few days ago the attendance was about 120, and was regarded by the president, Frank P. Glass of the Birmingham (Ala) News as very satisfactory under the circumstances.

News print paper for East Liverpool newspapers, formerly purchased at two cents a pound, now costs from 4 1/2 to 7 cents, dependent upon whether the publisher is fortunate in having a long term contract.

An interesting feature was a conference between a committee of the publishers and a committee representing the manufacturers—the American Paper & Pulp Association, which began its sessions in the same hotel. And from what was said to be the first time representatives of the newsprint industry were invited to address the publishers on the question of prime mutual interest.

Text of the Resolutions. The resolutions of the American Newspaper Publishers association were adopted unanimously after the conference.

"Paper manufacturers have told us that there is a worldwide shortage of paper. At the present rate of consumption the newspapers are using about 10 per cent more paper than is being produced. This means an annual shortage on the present basis of approximately 200,000 tons. Your committee therefore recommends:

"That the regulations of the war industries board for the conservation of news print be strictly adhered to, and that the full text of all these regulations be sent to all the daily and Sunday newspapers of the United States, whether or not they are members of the American Newspaper Publishers association.

"That publishers everywhere be urged to materially increase advertising and subscription rates and at the same time limit the size of their issues.

"That no newspapers enter into a yearly contract for advertising at a fixed rate, but make rates adjustable monthly or quarterly.

"That the American Newspaper Publishers association send out a standard form of adjustable contract for advertising.

"That the paper committee strongly discourage the hoarding of print paper.

"That the white paper committee and the legislative committee of the A. N. P. A. urge the enactment of such legislation as will permit the development of water power so that our timber lands may be made fully available for the manufacture of wood pulp, lumber and paper, and we also recommend that congress be urged to take steps that will induce the Canada.

THIS FARMER'S MORNINGS WERE WASTED FOR HIM

Unable to Work Before Noon, Till Nerv-Worth Made Him Over.

This eloquent statement was made to the Nerv-Worth druggist at Fostoria, Ohio: "I was in Glenn H. Eaton's drug store and the demonstrator gave me a sample dose of Nerv-Worth. After learning what Nerv-Worth was for I purchased one bottle. Have taken it as directed. I am feeling so much improved I am feeling a second bottle today and intend to keep taking Nerv-Worth till I am cured, if possible. My trouble was nervousness and dizziness. In the morning I would be so dizzy and sick it would be noon before I would feel like work. The dizziness has left me and I am not so nervous and am feeling better in every way."

"CHAS. B. MORRIS, 'Route 1, Fostoria, Ohio.' The Nerv-Worth Demonstrator adds to the above that Mr. Morris said the dizziness left him after he had taken half a bottle of Nerv-Worth."

IRISH LABOR MAN JAILED IN GOTHAM

James Larkin.

James Larkin, Irish agitator and Liverpool dock strike leader, was arrested in New York recently and held without bail, charged with criminal anarchy. The complaint against him alleged that he was a member of the national council of the left wing of the Socialist party, which controlled the Revolutionary Army, a publication advocating the overthrow of government by force.

lan government to repeal the order in council prohibiting the export of wood out from crown lands.

"We recommend that the president appoint a committee on conciliation for the purpose of adjusting differences between publishers in competitive territories; that the members of this committee be selected with the view to covering the entire country; that this committee formulate such plans and recommendations as will assist in adjusting existing differences so far as possible; that each member of this committee be given allotment over certain territory and be authorized to appoint sub-committees to deal with conditions in cities or competitive territories within that area."

"It is further recommended that this committee keep the print paper committee of the A. N. P. A. informed as to its problems and accomplishments, that the entire membership of the A. N. P. A. co-operate with this committee to the end that it may result in the greatest benefit to all most vitally concerned."

Reduction of Reading Matter.

Rules of the war industries board which the publishers are now asked to enforce voluntarily include: No return of unsold papers; no free list, no circulation premiums; reduction of the amount of reading matter on a graded scale which, as applied by the board, worked like the income tax—the larger the newspaper the greater the cut.

NEWS NOTES FROM MOVIELAND

The high cost of milk is not affecting this "baby." Miss Peggy Hyland, the pretty little Fox Film star, furnishes this lion cub with two quarts of Grade A milk daily. Does he like it? Well besides draining the bottle he wants to eat the tops. Miss Hyland looks as if she enjoyed playing with her strange pet, but you never can tell about these screen stars. She's and actress, remember, and may be quaking with fear and pale from fright even though the camera does not register it.

Peggy has always been one of our favorites and some of her best pictures were made long ago when Marc McDermott was the ideal hero and little Peggy played sweet unsophisticated country girl parts. Her latest release is "The Web of Chance."

Oh, Girls, Listen! This is about the gossipiest week we've had for a long time. 11 HENS IDLE; NOW LAY 221 EGGS A MONTH

Mrs. Young Almost Gave Up Raising Chickens. Then She Tried This Plan.

"When I accepted your offer and tried Don Sung, I had been getting 1 or 2 eggs every other day. The next month, using 50 cents worth of Don Sung, my 11 hens laid 221 eggs. I almost gave up raising chickens, but now I have decided to raise as many as I can."—Mrs. F. C. Young, Bellefonte, Pa.

Feed is too expensive to waste on idle hens. You can easily start your hens laying and keep them laying, even in coldest winter. To prove it, all you need do is accept our offer, as Mrs. Young did.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. LIMA LADY ALMOST FELL DOWN STAIRS ON TWO OCCASIONS

Suffered from vertigo, dizzy spells and a general lazy liver. Had to support her back with a pillow on account of back-ache.

Now declares her troubles are relieved since taking the new medicine Drecto.

"I suffered so from dizzy spells and vertigo that I almost fell down stairs on two occasions. My back ached so bad that I had to prop a pillow or cushion against it when I sat down," are the words of a well-known lady, Mrs. S. D. Campbell of 206 N. Elizabeth St., Lima, O.

"Several of my friends were so highly pleased with Drecto, they persuaded me to take it, and I honestly believe it has been my salvation. I feel like an entirely different person. I lost my appetite and began to get into a highly nervous rundown condition, and got so I didn't even want to look at anything to eat, for the smell and even the sight of cooking made me sick. To get a good night's rest was simply out of the question. I would lie awake and roll and toss until morning, and then would feel more tired than when I went to bed the night before. I managed to keep on my feet, but many a day it would have felt good to have gone to bed. I was almost a nervous wreck, without energy or strength. Sometimes I felt as though I would as soon be dead as alive. As I have said, several of my friends kept after me to try Drecto, so I finally consented, and I honestly think it was the only thing that saved me. I am feeling strong and well enough again, and sleep like a rock, and can hardly get enough to eat. My nervousness has entirely disappeared, also the constipation. Drecto is a wonderful medicine and every one should know about it."

Drecto, the new herbal system tonic, tones up and strengthens the nervous system; invigorates the entire body; removes all impurities from the blood; restores energy and vitality; tones up the digestive organs; puts the stomach in good condition; stimulates the sluggish liver; strengthens the kidneys and soothes tired nerves.

All up-to-date druggists now sell Drecto, and it is highly recommended in this city by

VETERANS FORWARD PASS TO VICTORY OVER WELLSBURG ELEVEN

GREAT AERIAL ATTACK SCORES

Locals Register 27 Points Against Visitors--Imperialists Prove Their Gameness by Playing Vets with But Ten Men In Concluding Period.

Unable to break up the Veterans' great forward passing attack at Columbus park Sunday afternoon the Wellsburg Imperialists, hitherto undefeated, were forced to taste the bitter dregs from the loser's glass for the first time. They held the Veterans to a 27-0 score.

One of the cleanest and fastest little teams in the valley are the Imperialists when they are going right. But to begin with they were outwitted a bit Sunday. They lacked the services of several of their first string players. And they lost their right bower when "Reddy" Nolan, center, went out in the first quarter, injured.

There's nothing to prove that the visitors were not game. They struck at it in the face of almost certain defeat through the entire struggle and in the last few minutes of the concluding period, played the Vets with but ten men in their lineup, when tackle Donnelly went out with several ribs badly bruised and all the available substitutes had been used.

The Wellsburg lads were up against the best team they have met so far this season and were willing to concede defeat gracefully.

The first touchdown came in the first few minutes of play. The Vets had secured the pigskin on the kickoff and ploughed the Wellsburg line for about fifteen yards. A forward pass from Smith to Shenke, for a yardage of thirty resulted in a touchdown.

The visitors took the ball on the next kickoff but were unable to do anything with it. The Vets again took possession and a series of line plunges, end runs and successful forward passes placed the ball on the Wellsburg five-yard mark and Hunselman made the final distance. Smith goal on the try.

The ending of the first half of the game saved the visitors from being scored on again. The Vets were on their two-yard line when time was blown out.

At this stage of the game the Imperialists showed more strength than at any other time during the engagement. Had it not been for a blocked punt the Vets would have had a real struggle on their hands to place the ball near the mark. Shenke again broke into the line. Rushing in on the kick, he recovered, after the ball had been

BULLDOGS WIN FROM TIGERS

CANTON, Nov. 17.—Playing with the precision of a college combine, clutched the national professional football title closer here yesterday afternoon by tearing up the famed Tigers of Massillon and winning 23 to 0.

Stanley of all's team was outclassed decisively in the first three periods. Not until the fourth period a first down, while Canton piled up a dozen. Thorpe was the first Bulldog to score. The Indian going over the goal after a string of five first downs in the first period. The march netted more than sixty-five yards, the longest advance being and end run of twenty-nine yards by Thorpe. The touchdown came on a plunge of side.

Guyon of Georgia Tech took credit for the second touchdown in the second period. Thorpe forward-passing to him for a total gain of thirty-two yards and a touchdown.

In the third period, Thorpe kicked a goal from placement from Massillon. Texas brought the final touchdown in the fourth quarter, taking one of Coffall's punts and running forty-five yards aided by great interference. Not until the third quarter, was Massillon able to work the ball to Canton's thirty-yard line.

Massillon's biggest gain from scrimmage was of nineteen yards on a forward pass from Dorias to Rockne. The losers best defensive exhibitions came in the fourth quarter. They held the champions for downs on the six-yard and one-yard lines. From the start, Canton had the opposition at a disadvantage, the rush line doing smoother and speedier work which was of great aid to the flankers and backfield players. Oregon and Herron of Pittsburg, the farmer making several long returns of punts.

booted against the line, and raced to the Wellsburg two yard line. There the visitors braced themselves and were holding when the half ended.

Whately broke into the scoring column when he grabbed a pass in the third quarter. The opposition of the Imperialists at this stage of the contest was fast weakening.

In the final period Captain Smith left the game. Hen Vorndran went to full and Marshall took left end. The Vets scored once more with this combination. Guard Hall caught a forward pass near the Imperialists' twenty yard mark and reced across for another score. It was made legal by the fact that a Wellsburg player just touched the ball as it left Hunselman's hands.

The forward passing of the Vets was next thing to perfect Sunday. Approximately four out of every five were good and for good gains, too. Two touchdowns were registered by the aerial route.

Mountford appeared in the backfield for the Vets Sunday, in the absence of Moore, and played a great game. His end runs netted many yards gain.

Whately smashed the Imperial line consistently and was nearly unstoppable until he had made his gain.

Smith and Hunselman were on the heating end of lost of forward passes and their eyes were clear. Very few went wild. It was without a doubt the best exhibition of forward passing seen on local lots this season.

The Veterans line proved a stone-wall to the attacks of the Imperialists. The visitors were unable to gain through this avenue.

Wellsburg lost their star when Nolan went out in the first quarter. Nolan played a great defensive contest for the Imperialists while he was in the combat. Norcross, Berhalter, Hinckley and Benig all played well in the face of their opposition.

THIRD MAJOR LEAGUE WOULD BE SUCCESSFUL

NEW YORK, Nov. 17.—The amount of financial backing that can be produced by the wealthy capitalists who have been named as being behind the new basketball league has set to hard thinking even those people who are pessimistic in regard to the scheme.

Until such men of affairs named as being interested in organizing the new league are heard from there will be many doubtful ones, but still the mere rumor itself was enough to startle baseball fandom and to make everyone interested in the national game sit up and take notice.

It is not an unreasonable plan, nor is it visionary to think that men like Harry Sinclair, the oil magnate, Commander J. K. L. Ross, Price McKinney, and Edsel Ford might become interested in baseball and be willing and possibly anxious to back a new league.

Baseball was never more financially successful than during the past season. Big money was made by most of the major league clubs and none failed to show a balance on the right side of the ledger. That naturally attracted capitalists and capital. The fact, too, that the boom in baseball this year will be permanent is firmly impressed in the minds of the club owners and the splendidly big attendance at football contests this fall, even in this city, that is comparatively neutral to the college game, and also the immense crowds that were attracted to all other outdoor sports, is strong evidence of this being an era of sports and that the popularity of them will be lasting. This feeling has, of course, had a big influence in inducing investments in baseball.

That the Federal League was not a success as an outlaw baseball organization capitalists of the wealth of the above named gentlemen in investing in the new league. The Federal League was formed under the most adverse condition and the backers of that organization did not represent anywhere near the amount of money that Sinclair, Ross, McKinney and Ford do. Those gentlemen represent about a billion dollars.

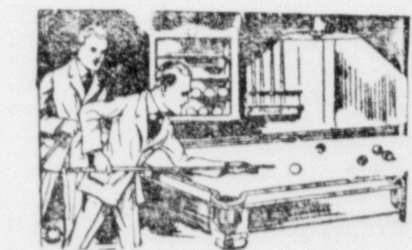

The time is ripe for a new league. That has been made possible by the friction caused in the American League by President Johnson's dictatorial methods that have antagonized beyond any possibility of a compromise the club owners of teams in the three biggest and most important cities in the organization. The clash has been brought to a climax by Johnson's defiant attitude in refusing to sit on any committee of which Colonel Jacob Ruppert might be a member. That was the last straw to the owner of the Yankees, and vastly strengthened the element that is against Johnson and his methods, which have been a thorn to Ruppert, Huston, Comiskey and Frazee.

There is no doubt in the writer's mind of the American League being on the verge of disruption. And that an upheaval in baseball that will result in the organization of a new big league along the lines mentioned seems almost certain. But I also believe that the club owners of the new organization will see the benefits and necessity of organized baseball to fortify their investment and to add strength and permanency to the national game.

LEONARD RISKS TITLE IN DECISION BOUT FIRST TIME SINCE HE COPPED THE CROWN

Jimmy Duffy, at left, and Benny Leonard.

Benny Leonard, king of the light weights, is booked to risk his title in a fifteen-round decision battle with Jimmy Duffy at Tulsa, Okla., Nov. 18. It's the first decision bout in which Leonard has participated since he won the crown by knocking Freddy Welsh into dreamland in the ninth round in New York, May 23, 1917. Consequently it is theoretically, at least, the first time he has given a fighter a chance to win the title away from him, with anything less than a knockout victory.

But, judging from the past showing Duffy has made against Leonard and sizing the two up on general principles there doesn't seem to be any grave danger of Benny's crown being knocked to another dome.

Leonard has been a busy lad since he copped the title although he hasn't signed up for any decision bouts. He has shown his willingness to fight 'em all by boxing Featherweight champion Johnny Kilbane and Jack Britton, welterweight champion.

Leonard knocked out Kilbane in the third round at Philadelphia July 25, the same year the New York lad beat Welsh. He took on Britton late that fall in a ten-round go-as-you-please affair in Gotham.

During the war Leonard served well as a boxing instructor in training camps and willingly boxed exhibition bouts. Duffy has been fighting ten years. He has met all the good boys. His list of opponents includes Jack Britton, Johnny Dundee, Johnny Griffiths, Charley White and Freddy Welsh. Duffy's willingness to mix and his all around gameness combined with considerable boxing ability makes him a good drawing card.

An expedition to reach the poles by air is being planned for next season.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and let the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

SALEM DEFEATS HIGH GRIDDEERS

Score Winning Touchdown In First Period--Local Team Falls Down on Its Tackles--McCutcheon Stars Consistently.

The Blue and White again went down to defeat Saturday afternoon. This time the Salem high eleven were the visitors by a 7-0 score.

The local outfit put up a great game against the visitors, in fact one of the best games they have played this year. They stuck to their guns till the last ditch. The contest was a very torrid one. When the visitors lost the ball on downs in the last quarter within a yard of the East Liverpool line, warden Referee Kinsey awarded the pigskin to the locals, who recovered, when Spencer, Salem quarterback, fumbled, the little fellow burst into tears and wanted to engage in fistfights then and there.

Al through the concluding stages of the game did Spencer alternately weep and call signals. The fad spread and Bill McDonald, playing tackle for the locals, found the tears coming down his cheeks when Referee Kinsey wouldn't allow him to single handedly wade in and engage the entire Quaker City outfit in mortal combat. He was very angry, indeed.

Salem had the best of the football argument. Rosebusch, the big full-back, starred consistently. He eluded tackles time after time for big gains. The East Liverpool team experienced an off day when tackling is considered. They failed to get their men on the first try. Many of the Quakers could have been nailed for losses had not the Blue and White tacklers been brushed off with a straight arm.

"Red" McCutcheon starred for the Blue and White. The little fellow played at half the first part of the engagement, his first appearance in the backfield this season. In the last half he called the signals and played a general all around good game. He carried the ball about two-thirds of the game. He showed a lot of pep and needed little.

MT. GILEAD TO GET MONUMENT

COLUMBUS, Nov. 17.—Dedication of the \$10,000 memorial monument awarded to Mt. Gilead, Morrow County, for the sale of the most War Savings Stamps during the summer months will take place December 4. Senator Warren G. Harding and Governor James M. Cox will be the principal speakers. Others from here who will attend include H. P. Wolfe, State Director of Savings and John A. Kelley, Secretary of the Ohio War Savings Committee. A military band also will be sent from Columbus for the dedication.

The memorial which was donated to the Ohio War Savings Committee by the Barre Quarriers & Manufacturers' Association of Vermont as a tribute from the New England States to Ohio for her part in the war, stands 30 feet high and weighs ten tons. It is hewn of beautiful gray granite. It bears several appropriate inscriptions and the names of all Morrow county soldiers who lost their lives in the war. The council of Mt. Gilead has set aside a site for the memorial in the center of the public square.

AT the Theatres

BEAUTY BATTALION TO ACCOMPANY "FLO-FLO"

Every chorus is synonymous with pulchritude but not every one can boast that each of its members is a "perfect 36" as can the beauty battalion which will accompany "Flo-Flo" John Cort's New York musical comedy hit to the Ceramic Theater here on Wednesday, Nov. 19, following long runs in Boston and Chicago. The Cort Chorus which assisted materially in making "Flo-Flo" the whirlwind sensation of the musical season of Broadway for an entire season is attired in the very latest creations from the smartest shops of Paris and Fifth Avenue. With the gorgeous scenery of Mosher and Simpson's exclusive Bridge Shop as a setting the "Perfect 36" chorus is said to be an effective aid to the splendid cast with

which Mr. Cort is presenting his "war bride" musical show. The twenty numbers are credited with being the best that Silvio Hein has thus far composed.

The leading roles in Fred Gresac's musical offering are taken by Hazel Alger, Ben Hastings, Augustus Bull, Eddie Lloyd, Elf Lorraine, Elsa Thomas, George Pierce, Frank Masters and others of prominence and the "Perfect Thirty-Six chorus." Its augmented orchestra is an important feature of this organization.

CHARLES RAY FILM AT STRAND THEATRE

Star and player were battling fiercely. "That was an awful wallop you gave me in the chin," said William Carroll, raising himself up on an elbow on the floor of the Thomas H. Ince photoplay studio stage at the end of a fight scene with Chas. Ray in "Bill Henry," his latest Paramount picture that will be shown at the Strand theater Monday and Tuesday.

"I'm sorry," apologized the star, "if I hurt you. In the tenseness of the fight I didn't know just where I was striking."

"Oh, that's all right," replied Carroll, "anything for art's sake you know," and he arose to his feet with the assistance of the apologizing star.

Mr. Ray impersonates a country salesman who seeks the way to fortune by selling vibrators until he gets into trouble with a rheumatic to whom he administers a real electric shock.

Then comes the girl, and a real novel poker game, and a terrific fight with a real estate operator who seeks to defraud the girl out of a fortune which Bill Henry has placed at her disposal.

Edith Roberts is the girl and she heads a capable supporting cast.

"MOONSHINE TRAIL" IS FILM AT CERAMIC

J. Stuart Blackton has made another big production—another powerful drama.

A new bidder for popular favor, "The Eyes of the World," had its first showing at the American theater Monday afternoon before a crowded house that gave every indication of keen satisfaction.

"The Eyes of the World" is the first work of its kind, dealing in a big way with California life in the present day, and putting into pictorial form the most phenomenally successful romance of the times, while its characters are fresh in the minds of several million readers. The new production is based on the book of the same title by Harold Bell Wright, who personally took an active part in putting his famous characters before the camera.

California scenes of exceptional beauty are featured in "The Eyes of the World," whose episodes take place among the rose gardens and orange groves around the town of "Fairbanks" (popularly supposed to be Redlands) and in the majestic mountains of Riverside and San Bernardino counties. Every effort was expended to make "The Eyes of the World" as notable for beauty as for dramatic values.
